

WHAT SETS US APART

TEJAS POST-ACUTE BRAIN INJURY (PABI)

Tejas is the only Post-Acute Brain Injury Program that offers on-site physician consults from all of the following physicians and disciplines:

Dr. Laura Gilbey, on-site Pulmonologist, Medical Director

Dr. David Morledge, on-site Neurologist, Brain Injury Program Director

Dr. Gregory Tempest, on-site Neurologist

Dr. Amy Arrant, on-site Internal Medicine

Dr. Chip Whisenant, on-site Physical Medicine and Rehabilitation Physician and Board Certified Wound Care Physician

Dr. Craig Franke, on-site, Psychiatrist and Addictionologist

Dr. Daniel Garrison, on-site Neuropsychologist

Other unique services:

Only PABI in Central Texas with on-site heated, indoor aquatic therapy pool

Only PABI in Texas with on-site radiology (on the same campus)

On-site Vision Therapist and Audiology Services

Vocational Readiness Program and Driving Therapy Services

Dual Diagnosis-Brain Injury and Spinal Cord Injury Program

Patients are not transported daily long distances via bus between residential facility and therapy gyms/clinic; everything is located on one campus

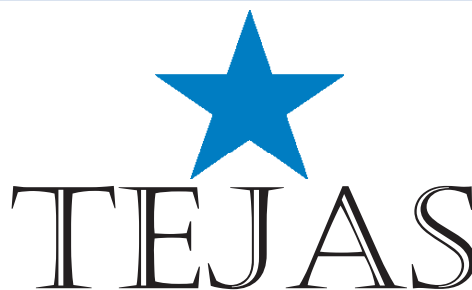

All Private bedrooms (no semi-private bedrooms)

On-site Pharmacy: we will not bill patient/families for medications, or require you to fill them and bring from home; this is covered as part of your stay

Tejas provides patient supplies: we will not bill patients/families for these or request that you bring your own supplies; this is covered as part of your stay

Bladder scanner on-site to assist with neurogenic bladder issues

Patients can enjoy the outdoors and outings on our beautiful 67-acre campus
